About Keselec Enggs. Pvt. Ltd.

We are pleased to introduce ourselves as one of the leading company as an Electrical Control Panel Board Manufacturer. We are in the field of Electrical Engineering for last many yrs. and supplied panels to various Industries & Projects.

We are an Engineering Organization having years of experience in the field of Electrical Panel manufacturing. We can provide services right from Designing to Testing and Commissioning of Electrical System upto 11KV.

Our Panels are tested by C.P.R.I Bhopal for 5400Amps for 50 KA Rupturing Capacity and Temperature Rise Test as per IS: 8623(PART-1)1993. Our Panels are tested by C.P.R.I Bhopal for IP-55 degree of Protection successfully as per IS- 13947 (Pt-1) 1993.

We are a Delhi based company, presently engaged in the main business of design, manufacturing & supply of various types of Control Panel. We use fully indigenous technology developed and perfected in-house. All the components used are easily available in India. This enables us to avoid dependence on overseas collaborators for any technology or spares support.

We have a well-equipped factory at Swarn Park Udyog Nagar, New Delhi, with complete infrastructure for manufacturing and in-house Testing of Electrical Control Panel and Bus Ducts.

Keselec Enggs. Pvt. Ltd. Is a company presently led by its two Directors namely N.K.Sharma and Ajay Sharma.
